

## A Level Physics

A level Physics students study OCR Physics A which is a 2 year linear course. The course structure is outlined below

Topic	Content	Assessment	
Module 1	Development of practical skills in physics	Assessed across all exam papers	
Module 2	Foundations of physics		
Module 3	Forces and motion	Modelling physics (01) 100 marks 2 hours 15 minutes 37% of A level	Unified physics (03) 70 marks 1 hour 30 minutes 26% of A level
Module 4	Electrons, waves and photons		
Module 5	Newtonian world and astrophysics		
Module 6	Particles and medical physics	Exploring physics (02) 100 marks 2 hours 15 minutes 37% of A level	
		Practical endorsement in physics (04)	Reported separately from A level result

**Practical work:** The practical endorsement consists of twelve required practicals, however you will also carry out a range of other practical activities throughout the course to support your learning.

**Homework:** You will be given weekly homework, which consists of extra reading and practice exam questions.
