

## Don't Be Suspicious

Walk down the street

Calmly, don't run

No sudden movements

Don't be suspicious

Enter the store

Calmly, show your hands

Pay for your items

Don't be suspicious

Go to school

Calmly, don't raise your voice

They're looking for bad behaviour

Don't be suspicious

Apply for a job

Calmly, you're overqualified

Your application is rejected

Don't be suspicious

Wear a hoodie

Calmly, it's cold out

"Stop I need to search your pockets"

Don't be suspicious

Go to the hospital

Calmly, you're having a baby

They don't give you pain relief

They rip a baby out of you and send you home

Don't be suspicious

Get arrested

Calmly, you haven't done anything wrong

You can't breathe

They're killing you

Don't be suspicious

Go to a protest

Calmly, demand not to be killed

They shoot you anyway

Don't be suspicious

Don't run, it's suspicious

Don't be well educated, it's suspicious

Don't have pain, it's suspicious

Don't be a black man, it's suspicious

Don't fight for your right to live, it's suspicious

Don't live.
