

**JRCS parent and student
guide to Year 12 summer
assessment 2021**

Dear Parents and Carers

As I am sure you are already aware, examinations that were due to take place this summer have been cancelled and the responsibility for awarding grades to students has been handed over to schools. It is important that you know schools will be making these important decisions based on the evidence that students provide. We recognise the challenges our students have faced over the past twelve months and I would like to reassure you that we are committed to supporting our students through this next important period of their school life.

We have designed this booklet to help support our students and provide clarity regarding the content they will be assessed on, as well as the methods we will use to assess them. Inside this booklet you will find a page for each of the qualifications we deliver in this Key Stage. It is important that you carefully read the relevant pages for the courses your child is studying. In addition to this information booklet, teachers will be carefully communicating all processes with students. The plans in this booklet are subject to modification in line with the latest legislation; however, students will be fully briefed in the event of any changes.

It is extremely important that students are working hard in school, making the most of all intervention opportunities and undertaking independent study at home, including engaging with remote learning when necessary. We want students to give themselves the best possible opportunity to provide their teachers with good quality evidence to support decisions on final centre assessed grades. The school might also use other evidence that students have produced previously throughout their courses to support professional judgements when deciding on final grades.

I would like to reassure you that we have robust procedures in place that involve rigorous checking processes, from the class teacher through to our Central and Senior Leadership Teams. We recognise this is a very important role and we are committed to ensuring the right and fair grades are arrived at for all our students. Students will find out their grades on their results day in August (Sixth Form on Tuesday 10/8/21 / Year 11 on Thursday 12/8/21) and schools have been given strict instructions not to share these grades beforehand.

If you have any further queries, please do not hesitate to contact us.

Yours faithfully

Mr G Smith
Deputy Headteacher

Subject: CeFS

Year: 12

What you will be assessed on:
All Unit 2 content

What you will not be assessed on:

How you will be assessed:
Unit 2: part A – paper-based multiple choice Unit 2: part B – written paper Written paper will be based on one set, pre-released, case study. In class timed short answer question will form supporting evidence across a range of topics – notice will be given on topic and date.

Subject: EPQ

Year: 12

What you will be assessed on:

You will be required to provide evidence in all aspects of the EPQ:

- | |
|--|
| <ul style="list-style-type: none">• Production Log• Essay/Artefact• Presentation |
|--|

What you will not be assessed on:
--

How you will be assessed:

- | |
|---|
| <ul style="list-style-type: none">• You will submit your EPQ before Easter.• Your supervisor will mark the EPQ against the 4 Assessment Objectives |
|---|

What you will be assessed on:
